

**ExcelSoft Technologies - Corporate Tax Guide**

# **CORPORATE TAX UAE-the Complete guide**

# IMPORTANT STEPS FOR BUSINESSES

## 01.

### Register your business for Corporate tax by june 2023

Corporate tax registration is needed starting with the first fiscal year, beginning on or after 1 june 2023

All enterprise, even those in free zones and independent contractors, must comply with this regulation.

Nothing that VAT and corporate tax are different taxes, you must still register for corporate tax even if your company already has a VAT number.

## 02.

### Keeping accurate according records

The corporate tax law of the UAE requires that particular accounting records be maintained.

Businesses may manage their accounting and bookkeeping needs to maintain legal compliance with our ERP Software, Elate ERp.

Your accounting records will help you determine your company's tax obligations. For instance, your accounting documents must back up your claim that you are free from corporate tax or qualify for the small business Relief rule

## 03.

### You must submit your company's tax declaration

Following your first taxable period you must send a corporation tax filing to the Federal Tax authority (FTA).

Even if your business qualifies for an exemption or tax relief, you must still disclose it to the FTA by completing a tax submission.

Excelstech can assist with corporate tax filing and ensure you take advantage of any tax exemptions or reliefs that apply to your business

#### Note:

The small business relief exemption is available to companies and people with annual revenues below AED 3 million. The financial relief will be accessible from 1 june 2023 until 31 December 2026, applicable to financial years commencing within this period.

# CORPORATE TAX RATES

The UAE ministry of Finance has implemented a three-tier taxation policy for corporate tax rates based on the annual net profits of businesses.

01

Businesses with annual net profits up to **AED 375,000** enjoy an exemption from corporate tax, resulting in a **0% tax rate**.

## Profit

AED 375,000  
0% Tax Rate

02

Businesses with annual net profits exceeding AED 375,000 are liable to a 9% tax rate on the amount that surpasses the specified

## Profit

AED 375,000  
9% Tax Rate

03

Large multinational companies may be subject to a higher tax rate per the guidelines outlined in pillar two of the OECD BEPS project. Companies with global revenue exceeding EUR 750 million (approximately AED 3.15 billion) will fall under this category and have a different tax rate applied to profits exceeding AED 3.5 billion.

## Profit

AED 375,000 Billion  
Higher Tax Rate

### Note:

Even if a free zone business qualifies for an exemption it must still register for corporate tax, maintain accurate accounting records, and submit an annual tax return to the Federal Tax Authority (FTA).

# DO YOU QUALITY FOR THE SMALL BUSINESS RELIEF RULE?

The small Business Relief rule reduces corporate tax responsibilities and compliance costs to support startup, SMEs, and micro companies in the UAE.

Businesses participating in this program are free from paying corporate tax if their annual gross turnover for any relevant or prior tax period is less than **AED 3 Millions**.

**( PROFIT < AED 3 MILLION ) = NO TAX**

# Tax policy for freelancers

You need a professional license to work independently or as a freelancer in the UAE, which makes you liable for taxes. Unless you are eligible for exemptions, you must pay the 9%- corporation tax if your annual income exceeds **AED 3 Millions** and your profit exceeds **AED 375,000**.

## Income sources exempted

the Following forms of income are exempt, according to the Ministry of Finance (MOF).

The revenue came from the distribution of dividends and other profits.

Selling shares of a taxpayer-owned subsidiary company results in capital gains.

# Industries exempt from taxes

in the UAE, several companies and legal entities may be eligible for corporation tax exemption, including:

01

Businesses engaged in the extraction or mining of natural resources in the UAE as they are already subject to Emirate-level taxation, eliminating the need for a separate tax report.

02

Federal and regional offices, department divisions, and all other public institutions are also eligible for tax exemption.

03

Public or regulated private entities, including those dealing with social benefit funds such as pension or retirement planning, can qualify for tax exemption.

04

Like charitable organizations, social benefit funds must apply to the MOF and the federal tax Authority (FTA) to obtain formal approval for tax exemption.

05

UAE companies that are fully owned by the UAE government and listed with a ministry-level decision will automatically receive tax exemption.

06

Entities working for charitable and social causes must register as such with the ministry of finance (MOF). Eligible entities must seek formal clearance from relevant authorities before applying for MOF registration.

# DIFFERENCES:

## Corporate TAX VS VAT

- VAT and corporate tax are two different levies. Even if a company has already registered for one tax, it must still register separately for the other.
- Corporation tax is based on the taxable revenue of an organization, while VAT is determined as a percentage of the cost of products or services. Customers are levied with a consumption tax known as VAT when they transact.
- To calculate corporate tax, a company uses its annual net profits. The company directly pays corporate taxes to the government, and the amount is determined by net income rather than total revenue.
